

***US Submarine Veterans
of WWII National
Memorial East***

*Dedicated to the 3,617
courageous submariners
who lost their lives during
WWII*

Their unselfish acts help preserve the freedoms that you and I enjoy today. Fifty-two submarines were lost during WWII. The Wall of Honor with the names of these courageous submariners was fashioned after the bow of a submarine heading south-west out the river to sea. These heroes remain on eternal patrol.

We encourage you to walk thoughtfully about this memorial, read a name or two on the Wall, investigate the torpedo and submarine fairwater on these hallowed grounds. Pause and reflect in a moment of silence remembering the supreme sacrifice these gallant men made for us.

Thank you for visiting this memorial.

**Walk softly;
Walk softly
stranger:
You stand on
hallowed ground.**
